

The Jia Ju Zhan Memorial Scholarship

The Jia Ju Zhan Memorial Scholarship is awarded with preference to physics majors who have demonstrated academic merit and show evidence of contributions to school and community.

The scholarship was established by the Pei-Ling Chan Foundation and is named in memory of a great teacher, businessman, and philanthropist from China. During his lifetime Mr. Zhan was president of his family business, taught physics at the Shanghai Institute of Light Industry, survived the Cultural Revolution of the 1960's, and retired as Vice Chancellor of the Shanghai Institute in 1985. Mr. Zhan dedicated his life to helping others, and this scholarship was established to honor his philanthropy.

This scholarship is a one-year award and is not renewable. The student must maintain a full-time course load (12 credit hours) and have a cumulative GPA of 3.0 or higher. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
