

The Samuel P. McManus Scholarship

The Samuel P. McManus Scholarship is awarded to an undergraduate student majoring in Biology, Physics, or Chemistry. The award is based on academic merit.

The scholarship is named in honor of Samuel P. McManus and was established by his students, colleagues, and friends after his retirement from UAH in 2000. Dr. McManus joined UAH in 1966 as an assistant professor of Chemistry and was appointed to various positions within the University that included: Dean of Graduate Studies, Interim Provost, and ultimately, in 1993, Provost and Vice-President for Academic Affairs.

This scholarship is renewable for up to three additional years. The student must maintain a full-time course load (12 credit hours) each semester. In addition, recipients must complete a total of 24 credit hours each academic year and have a cumulative GPA of 3.0 or higher to be eligible for renewal. Students should submit a scholarship application every year in order to update their files and possibly be eligible for other awards.
