View course options using the “Current class schedules” link:

**T = Traditional** = In person course. Traditional courses will still follow the blue/silver system.

**O = Online, Synchronous** = Course with a specific time. Complete the course at the scheduled time. Think of your class as being broadcasted “live.”

**O = Online, Asynchronous** = Course with "TBA." Complete the course on your own time. Think of your class as “on demand” allowing you to select when you review lectures.

**Y = Hybrid** = Course with a specific time. Complete the course a combination of in person and online during the scheduled time.

Almost every HYBRID course has a REMOTE option.
