Welcome and Accreditation Information

The University of Alabama in Huntsville College of Nursing Dean, faculty, and staff welcome you! This handbook provides information pertaining to policies, procedures, and activities within the College. It is intended to be used in conjunction with the University of Alabama in Huntsville Student Handbook, the University of Alabama in Huntsville Graduate Catalog, and the University of Alabama Graduate Student Handbook. We wish you much success in the attainment of your educational and professional goals.

The Master's Degree Program in Nursing at the University of Alabama in Huntsville (UAH) College of Nursing is accredited by the Commission on Collegiate Nursing Education (http://ccneaccreditation.org/) and approved by the Alabama Board of Nursing (ABN) and may be contacted at:

Commission on Collegiate Nursing Education
One Dupont Circle, NW, Suite 530
Washington, D.C. 20036
202.887.6791

Alabama Board of Nursing
P.O. Box 303900
Montgomery, Alabama 36130-3900

The University of Alabama in Huntsville is an equal opportunity/affirmative action institution and does not discriminate with respect to race, color, religion, sex, age, national origin, or handicap status in any education program or activity.
Dear Graduate Student:

Welcome, I am very glad that you have chosen the University of Alabama in Huntsville (UAH) College of Nursing for your graduate education. I look forward to working with you, and I hope that you will be an active participant in your academic learning.

Nursing is one of the largest majors on the UAH campus. The College offers a traditional BSN program, RN to BSN program, MSN program, a DNP program, and a PhD program. Two certificate programs are offered including family nurse practitioner and nursing education.

The College of Nursing wants you to be successful! Our major purpose is to provide high quality nursing education in a manner that is respectful and supportive of our students. While the courses in which you enroll are fundamental in meeting that purpose, other student services are also of major importance. In this student handbook, you will be provided with information and resources that will support your success including information about online support personnel, online library resources, and email accounts for you. If you have ideas about ways in which the College can improve, please email your suggestions to me or the Office of Graduate Programs. All suggestions receive careful attention.

When on campus, I invite you to stop by my office and introduce yourself to me. I look forward to talking with you.

Sincerely,

Dean and Professor
Phone: 256.824.6345
Email: marsha.adams@uah.edu
Mission Statement

Mission
Educate and inspire individuals to become nurse leaders who act with integrity, discover through scientific methods, and advocate for the best health care experiences of people and communities in a complex and evolving health care environment. In collaboration with our university colleagues and community partners, we are committed to excellence through our teaching, scholarship, practice, and service.

Vision
To have a global reputation for transforming health care through innovative nursing practice, education, and research.

Core Values
- Integrity - Resolutely adhering to moral, ethical, and professional standards.
- Inspiration - Encouraging, role-modeling, and mentoring others to pursue their professional dreams.
- Caring - Acting with compassion and respecting all persons by embracing cultural humility, diversity, and person-centered care.
- Excellence - Pursuing and achieving goals of the highest caliber.
- Wellness - Maximizing well-being in different states of health.
History of the College

The University of Alabama in Huntsville is the only institution offering BSN, MSN, and DNP programs in north Alabama. The College of Nursing was established by an act of the Alabama Legislature in 1971. The School of Nursing was designated a College of Nursing in 1987.

Dr. Kathryn Crossland, the first Dean, was appointed in September 1971, and the first students were admitted to the professional nursing curriculum for the fall of 1972. Thirty-six students were graduated in 1974. That same year the School of Nursing baccalaureate program was granted initial accreditation by the National League for Nursing. The Master of Science in Nursing degree was approved by the Board of Trustees of The University of Alabama System in 1978. The first students were graduated in 1980 and the program received initial accreditation from the National League for Nursing in 1982. The program initially prepared graduates as specialists in family nursing.

A major curriculum revision, begun in 1980, resulted in the development of a two track option: Adult Acute Care and Family Nurse Practitioner. A third track in Home Health Care Administration was added in 1988. In the fall of 1995, that track was modified to become a broader Nursing Administration track. The track was revised again in 2005 and is now the Leadership in Health Care System. This track is offered online with two three-day residencies scheduled at the beginning of each fall semester. An Acute Care Nurse Practitioner track was added in 1994 and the Adult Acute Care track was modified and updated in 1998 resulting in an Adult Health Clinical Specialist track. A post-master’s Family Nurse Practitioner track was initiated in 1994. A certificate program in Nursing Education was begun in 2003. The Joint Doctor of Nursing Practice program was approved with the first class admitted in the fall of 2008 and the first graduating class of nine in the fall of 2009. The DNP was offered as a joint program with the University of Alabama in Birmingham School of Nursing and The University of Alabama Capstone College of Nursing until fall of 2016 when the independent DNP program was established. In summer 2019, the Joint Nursing Science PhD degree program enrolled its first students.

The College is housed in a centrally located building that was first occupied in 1976. The four-story structure houses a state-of-the-art Learning and Technology Resource Center, lecture rooms, distance learning classrooms, and laboratories for teaching nursing. The building also contains faculty and administrative offices as well as lounges and study areas for student support. The unique design of the Nursing Building promotes interaction among faculty and students and it supports the concept of a dynamic open system that is reflected in the philosophy of the programs of the College. A new wing of the Nursing Building was completed in Fall 2014, and renovation of the original building was completed in Summer 2015. The building is in close proximity to the M. Louis Salmon Library, the Charger Union, and other academic buildings, providing opportunities for faculty, staff, and students to be an integral part of the University community.
Professional Nursing Standards and Guidelines

Professional nursing standards and guidelines provide a framework for the curriculum and assure the public that the program ensures quality education. The College of Nursing follows the American Association of Colleges of Nursing (AACN) Essentials of Master’s Education in Nursing (2011), Standards for Accreditation of Baccalaureate and Graduate Nursing Programs amended 2013, Standards for Accreditation of Baccalaureate and Graduate Nursing Programs Supplemental Resources (October 2016)

In addition, the following professional standards provide a framework for curricula:

NONPF Nurse Practitioner Core Competencies (2017)
NTF Criteria for Evaluation of Nurse Practitioner Programs (2016)
AONE Nurse Executive Competencies (2015)
Areas of Responsibilities

Dean
The Dean is the chief administrative and academic officer of the College of Nursing. Her major responsibilities are planning, operations, and leadership. The Dean is the chief operating officer of the College and has overall responsibility for instructional, research, and service programs; student services; faculty and staff personnel actions and policies; and budgetary matters. The Dean also provides leadership for the College within the University, the community, the profession, and with students and alumni. The Dean delegates responsibilities for specific components of the College's programs to other individuals and offices.

Associate Dean for Graduate Programs
The Associate Dean for Graduate Programs has responsibility for the day-to-day management of the College's graduate programs. Among these responsibilities are scheduling, teaching assignments, coordination of various parts of the programs, evaluation of programs and faculty, and management of student/faculty issues not resolved at the course level.

Associate Dean for Undergraduate Programs
The Associate Dean for Undergraduate Programs has responsibility for the day-to-day management of the College's undergraduate programs. Among these responsibilities are scheduling, teaching assignments, coordination of various parts of the programs, evaluation of programs and faculty, and management of student/faculty issues not resolved at the course level.

Directors of Undergraduate/Graduate Admissions/Advising
The Director of Undergraduate Admissions and Advising and the Director of Graduate Admissions and Advising have responsibility for student service programs in the College of Nursing. Specific responsibilities include pre-admission advising, academic advisement, recruitment, admission, and non-academic student services in their respective programs.

Course Managers
Each course has a designated course manager. The Course Manager has responsibility for the planning, implementation, and evaluation of the course within established curricular guidelines. In courses in which more than one faculty is involved, other faculty report to the Course Manager. The Course Manager is responsible for management of all aspects of the course. Course Managers provide evaluative feedback of all course members to the Associate Dean.
College Services

Nursing Building
The Nursing Building houses the College of Nursing programs and services. Classrooms, student lounges, and study areas are located on the first floor. The Office of the Dean is located on the 4th floor whereas the Office of Undergraduate Programs and the Office of Graduate Programs are located on the 2nd floor of the Nursing Building. The third floor houses the Learning and Technology Resource Center and faculty offices. The Nursing Building is open 6:00 a.m. until 6:30 p.m. Monday through Friday. However, administrative office hours are 8:15 a.m. until 5:00 p.m. In addition, the building is open on selected evenings and Saturdays based on class schedules.

Learning and Technology Resource Center
The LTRC is located on the third floor of the Nursing Building. It houses computers, audio-visual, and skills equipment with separate areas for health assessment, basic skills, obstetrics, and pediatrics for the needs of the College. The LTRC has high fidelity simulators and telehealth equipment to prepare students for patient encounters. The LTRC is available to nursing students for independent study and group learning activities.

Communicating with Faculty
Faculty may be reached by direct dialing to their offices. Faculty telephone numbers are listed on course syllabi and online in the University Directory. All faculty have voicemail so students may leave a message if the faculty member is not available. Faculty members post weekly office hours in their syllabi and are available for meetings outside their regularly scheduled office hours by making an appointment. Faculty may also be reached by email. Faculty email addresses are available online in the University Directory and updated each semester. All students are issued a University email account which is the official email contact for all University communication.

Wi-Fi
UAH provides free Wi-Fi access for all currently enrolled students. Instructions for connecting to the wireless network can be found at http://www.uah.edu/oit/services/networks. There is excellent wireless coverage throughout the Nursing Building. All large classrooms have wired connections and power at each student seat.

Commons Area
The Commons Area, on the second floor mezzanine, has been set aside for student use in addition to various gathering areas throughout the building. Microwave ovens, vending machines, and refrigerator are also available for student use. Tables have been provided for both studying and eating.

Printing/Copying
There is a printer kiosk located on the 2nd floor of the College of Nursing. Go to https://www.uah.edu/library/services/charger-prints to learn how to use the kiosk.
TYPHON

NPST Student Tracking System
Designed for all advanced practice nursing programs, Typhon Group's NPST Student Tracking System functions as a complete electronic student tracking system, including comprehensive patient encounter logs and reports, a fully featured evaluation and survey component for assessments, management of student rotation scheduling, student electronic portfolios, student and preceptor biographic databases, clinical site database, curriculum mapping, and secure document management.

Students report their clinical experiences, take evaluations, and build a portfolio to use when job hunting after graduation

NSST Student Tracking System
The NSST is used for tracking student experiences in the Nursing Administration track of the MSN program. NSST provides a fully featured evaluation and survey component for assessments, student electronic portfolios, and log for indirect clinical experiences.
**UAH RESOURCES**

**Emergency Messages**
All students are encouraged to sign up for the UAlert System, which is a comprehensive communications solution that allows the University to quickly disseminate an urgent message through multiple communication mediums including: voice messages to cell, home and office phones, text messages to cell phones, and email messages. To register, go to www.uah.edu/ualert and select your contact preferences.

**University Bookstore**
Required textbooks, manuals, and other supplies are available in the University Bookstore located on the main floor of Charger Union. Texts for each nursing course are printed in the course syllabus. Texts may also be ordered online through the University Bookstore by finding courses at http://www.uah.edu/bookstore. Check the Bookstore website at the beginning of each semester for new store hours or telephone 256.824.6600.

**Learning Management System**
Canvas is the official online course management system for the University of Alabama in Huntsville instituted in Spring 2015. The University will send a Charger ID (universal username and password) to log into Canvas after registration for classes. Once enrolled, students will automatically be included on the online roster for their courses. Students who have problems accessing their courses on Canvas, should contact University Office of Instructional Technology (OIT) at 256.824.3333.

Canvas is also used as a permanent website for graduate students enrolled at UAH for orientation, advising, announcements, communication, and as a repository for resource materials.

**Email Accounts**
Every student at UAH has an email account set up by the University through Google Apps. It is important that students read UAH email regularly because the faculty and staff will often correspond with students in this manner. Students with questions about Google Apps or the email account, should contact the University Office of Instructional Technology (OIT) at 256.824.3333.

Activate the email account by following these steps:
- Go to https://apps.uah.edu/ITSPortal/.
- Enter the Charger ID (the text listed to the left of the @ sign) into the email address, and password. Select Google Apps from the menu.
- Set the Google account password to match the Charger ID password by clicking on the button.
- Accept the terms.

Students should receive a confirmation message of activation of the Google Apps account. Students should contact OIT at 256.824.3333 if they do not receive a confirmation message. Access the Google Apps account at http://google.uah.edu and click on the sign-in link.
M. Louis Salmon Library
At UAH, the M. Louis Salmon Library supports the instructional, research and outreach programs of the students, faculty, and staff by building both the print and electronic collections in order to provide access to resources that the University community needs to advance in academic excellence, research discovery, and information exchange. The Salmon Library is located on Holmes Avenue, just west of the Nursing Building. The Charger Card serves as the Library Card. Although the Library has regular business hours, times may change between semesters and during breaks. Check online for an up-to-date list of hours at http://www.uah.edu/library/. Library Hours are available by calling the Hotline 256.824.6359 or the Circulation/Information Desk at 256.824.6530. Reference librarians also are available by online chat.

For online learners, the M. Louis Salmon Library may also be accessed online at http://www.uah.edu/library. Students need to know their Charger ID username and password to log in. The Salmon Library offers free interlibrary loan services and delivers all journal articles by email to students.

Charger Cards
Students may obtain a Charger Card in the Charger Union, Room 131 by providing a current copy of their class schedule. The Charger Card will give students access to campus facilities and services as well as making purchases at participating locations. The card can be used to access the following campus resources: University Fitness Center, athletic events, Salmon Library, residence halls, computer labs and classrooms, campus entertainment events, copy machines and printers, and food service vendors.

Parking Decals
All students must purchase a parking permit from the University. Online purchase is available at https://parking.uah.edu/
University Student Affairs Departments and Programs

The Division of Student Affairs supports and encourages student life and engagement through a variety of programs, services, and departments focused on student learning and development. Whether students need assistance to find the involvement opportunity that best suits their interests or students are feeling under the weather, the Student Affairs team is here to help. Students are encouraged to browse the website at [http://www.uah.edu/student-affairs](http://www.uah.edu/student-affairs), contact any of the staff members, or visit their offices to find out more about the great resources they have available.

**Student Success Center**

The Student Success Center is a clearing house for several University student services. Located in the M. Louis Salmon Library first floor north wing (telephone 256.824.2478), the Center provides tutoring, academic coaching, career development, and general college advising. The Center sponsors the Peer Assisted Study Sessions (PASS) Program, which is a non-remedial academic program that provides peer-led study groups which focus on integrating course content (*what* to learn) with study skills (*how* to learn). In addition, the Student Success Center through the Writing Center offers consultations in order to help students become stronger, independent writers.

**Mathematics Learning Center**

The Mathematics Learning Center is located in the M. Louis Salmon Library, Room 205 and serves as the center for computer-assisted mathematics instruction at UAH. If students are looking for tutoring for any other math course, drop-in tutoring is available in the Shelby Center, Room 008. The Math Lab offers free assistance to University students with a valid ID. Students can email them at [mlc@uah.edu](mailto:mlc@uah.edu) or call at 256.824.6353 to get hours of operation.
Counseling Center
The Counseling Center, under the direction of the Dean of Students, at UAH provides specialized professional services designed to assist students in their academic, personal, and social development. Many students encounter personal difficulties that affect the course of their collegiate experience. The Counseling Center provides short-term therapy to help students cope with stress and/or learn new skills. Counseling services are available to all students currently enrolled in 3 or more credits at UAH. The staff is committed to meeting the needs of individuals from diverse backgrounds. Services are confidential and in accordance with the ethical guidelines of the American Psychological Association. Information from counseling sessions does not go on a student’s academic record and is not released to any other individuals (on campus or off) without the student’s written permission—except in rare situations as mandated by law. Students come in for a variety of concerns such as relationships, self-esteem, time management, anxiety, family concerns, depression, sleeping problems and stress management. See our webpage at https://www.uah.edu/health-and-wellness/counseling-center for more information. To schedule an appointment, contact the Counseling Center at 256.824.6203 or go to The Executive Plaza, Bldg 200, Suite 208.

Disability Support Services
Disability Support Services (DSS), under the direction of the Dean of Students, is committed to providing an equal educational opportunity for all qualified students with disabilities. Any student who has a documented condition that substantially limits his or her learning activities can request coordination of appropriate academic support services. DSS collaborates with students, faculty, and staff to ensure appropriate services are provided to students registered with our office.

Students must self-identify to be eligible for accommodations and other disability services on campus. The student can choose whether or not to register for services. Services are provided in accordance with federal law. To be eligible for services, students must provide documentation of the disability from an appropriate practitioner. See our webpage at https://www.uah.edu/dss for more information. To schedule an appointment contact DSS through the Counseling Center at 256.824.1997.

Student Health Center
The services of the Student Health Center are available to students enrolled for the current semester. Services available include treatment of illnesses and injuries, preventive health care, lab testing, immunizations, and health counseling. There is a nominal fee for an office visit with additional minimum charges for laboratory testing, immunizations, and medications. The Student Health Center is located in 325 Wilson Hall. The center is open Monday through Friday 8:15 a.m. until 5:00 p.m. For more information call 256.824.6775 or visit our website http://uah.edu/shc.

University Fitness Center
The University Fitness Center (UFC) is conveniently located on the UAH campus at 500 John Wright Drive NW, telephone 256.824.5500, and is open 7 days a week, over 100 hours per week. The UFC is the only fitness center in Huntsville that offers its members a wide variety of health,
wellness, and fitness programs all under one roof. As a joint University and Community facility, the primary mission of the UFC is to provide opportunities for wholesome recreational activities that complement daily living and increase the quality of life of its members. The UFC is a comprehensive facility offering among other activities, swimming, jogging, weight training, basketball and aerobics. All students may become members free of charge. More information is available at https://www.uah.edu/university-recreation/fitness-center

Office of International Service
The Office of International Services (https://www.uah.edu/ois) prepares students, faculty, and staff for success in today’s globally interconnected world through international study, research, teaching, service, and experience and through opportunities for intercultural engagement that foster strengthened awareness and understanding among people of different cultures. The purpose of OIS is to promote campus and community internationalization and to provide central administrative support for a wide-ranging network of international initiatives. Through the Office of International Student and Scholar Services and the Intensive Language and Culture Program, the OIE coordinates programs and services that extend the UAH to our local and global communities. The OIS may be reached by telephone at 256.824.6055.

Office of Diversity, Equity, and Inclusion
The Office Diversity, Equity, and Inclusion (ODEI) https://www.uah.edu/diversity assist the University in providing an atmosphere that is welcoming, supportive and rewarding for students from diverse cultural backgrounds. Students are encouraged to achieve and aided in attaining academic excellence while learning to be competitive with their peers. The ODEI endeavors to foster an understanding and a respect for cultural diversity throughout the UAH community. Programs are designed for minority as well as non-minority students in order to promote a sense of community and acceptance of multiculturalism and racial appreciation on the UAH campus. Students may contact the ODEI by telephone at 256.824.4600 (odma@uah.edu)
CURRICULUM

Master of Science in Nursing Program Objectives

The Graduate Programs build upon the baccalaureate degree and prepares the individual for advanced nursing practice. The framework for practice emerges from interrelationships of theory, practice, and research. Primary roles of the graduate student embody dimensions of clinical expertise, evidence-based practice, consultation, collaboration, management, leadership, and teaching.

The graduate student will:

1. Implement clinical decision making skills in the delivery and management of diverse populations in a variety of settings.
2. Synthesize theoretical foundations, knowledge of science and humanities, and scholarly inquiry to provide clinical prevention, patient therapy and system improvement to improve patient outcomes in diverse populations.
3. Analyze healthcare policies and information management systems to affect patient outcomes in diverse populations through organization and systems leadership and interprofessional collaboration.
4. Incorporate human, fiscal, and technological resources in providing and managing advanced care for improvement of patient and population outcomes.
5. Demonstrate an understanding of ethical principles, quality, safety, and equality in healthcare.

Clinical Faculty EVAL of Students and Sites F18
Completed by the Custom Group, regarding the Students (ALL), answered on a As needed basis.
Before beginning an evaluation, the custom group will be asked to select which student they are evaluating.

1 Select the facility/site you are evaluating:

   --SELECT ONE--
   (ANSWER REQUIRED)

2 Select the current semester.

   --SELECT ONE--
   (ANSWER REQUIRED)

3 Student demonstrates skill in obtaining histories and performing a physical examination in patients as appropriate for the setting; including normal and abnormal variations.

   --SELECT ONE--
   (ANSWER REQUIRED)

4 Student recognizes both typical and atypical presentations of physical and mental health conditions appropriate to the student's population focus.

   --SELECT ONE--
   (ANSWER REQUIRED)

5 PRECEPTOR'S TEACHING PRACTICES

<table>
<thead>
<tr>
<th>Consistently</th>
<th>Frequently</th>
<th>Occasionnally</th>
<th>Rarely</th>
<th>Never</th>
</tr>
</thead>
<tbody>
<tr>
<td>Demonstrates flexibility to improve learning</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Assists student in identifying problems</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Demonstrates new procedures</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Leads student through decision-making rather than giving own impressions</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Encourages questions and discussions regarding alternate management</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Allows time for appropriate documentation</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Considers student's limits according to level of expertise

Encourages student to assume increasing responsibility during clinical rotation

Student's evaluation is objective and shared with student in a positive, confidential manner

(ANSWER REQUIRED FOR EACH OPTION)

6. PRECEPTOR'S FACILITY/SITE

<table>
<thead>
<tr>
<th>Consistently</th>
<th>Frequently</th>
<th>Occasionally</th>
<th>Rarely</th>
<th>Never</th>
</tr>
</thead>
<tbody>
<tr>
<td>Clinical experiences at facility/site correlate with course objectives</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Adequate learning experiences available at the facility/site</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Facility/site staff receptive to students</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

(ANSWER REQUIRED FOR EACH OPTION)

7. The Preceptor Evaluation was reviewed with the student

- Yes
- No

(ANSWER REQUIRED)

8. If preceptor evaluation of student clinical performance noted any concerns, how were these concerns addressed?

9. If a concern was identified, does the NP coordinator need to take further action?

- Yes
- No

10. Did you identify any concerns with the facility or preceptor that require a review by the NP coordinator?

- Yes
- No

(ANSWER REQUIRED)
11 Based on feedback from the preceptor and your observations, list specific goals or areas for improvement you have shared with the student.

(ANSWER REQUIRED)

12 Thank you for completing the survey.
Preceptor Evaluation of UAH Nurse Practitioner Student

Semester/Year: ___________  Student (Print Name): ________________________________

Preceptor's Printed name:

Preceptor Signature: ______________________ Date: ____________________________

Key:
NA = Not applicable or not observed
1 = Omits task/procedure, minimal competence even with assistance
2 = Below average skills, needs a lot of direct supervision
3 = Performs with average skills, needs some direct supervision
4 = Performs with above average skills, needs minimal direct supervision
5 = Skills are well developed, works independently most of the time

<table>
<thead>
<tr>
<th>Procedure/Task</th>
<th>Rating</th>

Comments: Your comments are particularly valued, so please add a few of your comments here:

Goal(s) for next semester:

D Time management
D Case Presentation to the preceptor
D Pharmacology Management
D Professional appearance/behavior
D Appropriate and complete documentation
FINANCIAL AID AND SCHOLARSHIP INFORMATION

University Financial Aid

The University Financial Aid Office located in the Student Services Building, Suite 124, telephone 256.824.6650 and provides financial aid information and assists the student to meet individual needs. All students who wish to be considered for any scholarship must complete a scholarship application available in the Financial Aid Office. Information on the Internet about Graduate Financial Aid is found at [https://www.uah.edu/admissions/graduate/financial-aid](https://www.uah.edu/admissions/graduate/financial-aid)

Competitive Scholarships

Applications for scholarships must be completed using the online system and by the deadlines listed for competitive scholarships. [https://www.uah.edu/admissions/undergraduate/financial-aid/scholarships/competitive-scholarships](https://www.uah.edu/admissions/undergraduate/financial-aid/scholarships/competitive-scholarships)

Graduate Student Fellowship Scholarship Matrix

Graduate students with exceptional GRE/GMAT/MAT scores are automatically considered for a Graduate Student Fellowship Scholarship. No scholarship application is required. Go to [https://www.uah.edu/admissions/graduate/financial-aid/scholarships](https://www.uah.edu/admissions/graduate/financial-aid/scholarships)

Graduate Teaching Assistantships

Graduate assistantships are offered to encourage graduate work, to promote teaching, and to promote research. Graduate assistants have as their primary goal a graduate degree, and the assistantship is part of their graduate education. Any student qualified for admission to the School of Graduate Studies is eligible to apply for a graduate assistantship. Assistantships usually require 20 hours per week service to the College but may be appointed more or less than half-time in exceptional cases. Without special permission of the student’s department and the Graduate Dean, a graduate assistant may not hold other full time employment during any semester in which this assistantship is in effect. Further information may be obtained from the School of Graduate Studies. Applications are located at [https://www.uah.edu/admissions/graduate/financial-aid/assistantships](https://www.uah.edu/admissions/graduate/financial-aid/assistantships). All students assigned as assistants must attend a mandatory University GTA workshop as specified by the Graduate School and must also attend GTA meetings with the Associate Dean.

Federal Nurse Training Grants

The College of Nursing applies for federal traineeships for graduate students. When funded by the Health Resources Services Administration (HRSA), these funds are granted to students enrolled for full-time study in a clinical major. Application forms may be obtained through the Office of Graduate Programs in the College of Nursing.
Alabama Board of Nursing Scholarships

Scholarships are granted each year to graduate students attending schools in Alabama. Students must make application directly to the Alabama Board of Nursing. Contact Alabama Board of Nursing for deadline. They can be reached by telephone at 334.242.4060 or by mail at RSA Plaza, Suite 250, 770 Washington Avenue, Montgomery, Alabama 36130.
POLICIES AND PROCEDURES

University Policies

All University in Alabama in Huntsville academic policies are fully explained in the Graduate Catalog, the Student Handbook found at https://catalog.uah.edu/grad/ and the Graduate Student Handbook found at https://www.uah.edu/graduate/resources/graduate-handbook. The following section contains information on policies and procedures which apply only to students enrolled in the College of Nursing.

College of Nursing Policies

Requirements for Admission and Continued Enrollment in the MSN Program

The UAH College of Nursing uses a vendor for background checks, drug screens, and required document tracking. Admission letters contain information about the vendor and its website for upload of documents. Please refer to the website for a complete listing of documentation requirements https://www.uah.edu/nursing/degree-programs/msn/grad-health

- Documentation of unencumbered, current license to practice as a registered nurse must be provided to the College of Nursing Office of Graduate Programs prior to enrollment in a nursing class. If a student is permitted to meet course clinical requirements in a state other than Alabama, the student must be licensed in that state. Registered nurse students will not be allowed to continue in the program if any nursing license is placed on probation, suspended, or revoked. Licensure must be maintained throughout the program.
- Physical examination: Student must obtain a physical examination from a healthcare provider. The physical examination must be obtained no more than 3 months prior to admission to the Graduate Nursing Program. Students who are not able to meet the Essential Functions as described in this Student Handbook must meet with the Associate Dean for the Office of Graduate Programs.
- Essential functions define selected attributes and behaviors necessary for students to demonstrate in order to successfully complete their education and subsequently enter nursing practice. These essential functions are determined to be required for initial and continued enrollment in the College of Nursing. For a list of these functions go to http://www.uah.edu/nursing/degree-programs/msn/msn-essential
- Hepatitis B: immunity or verification that the series of injections has begun
- Evidence of tdap immunization within the past 10 years.
- Evidence of immunity to measles, mumps, rubella, and varicella.
- Evidence of negative for tuberculosis. Each student is required to have a 2-step tuberculin (TB) skin test or a T-spot less than three months prior to the first day of class. If a student has a current TB skin test, then a two-step is not needed. Instead of skin testing, students may provide evidence of a blood test indicating negative for tuberculosis. If the skin test or the blood test is positive, a chest x-ray is required and possible other medical evaluation may be requested. An annual one-step TB renewal test is required.
- Annual Influenza vaccination: Students are required to provide evidence of influenza vaccination by October of each year while enrolled in the Nursing Program.
- Current health insurance: Students are required to provide evidence of current health
insurance each year while enrolled in the Nursing Program.

- **CPR**: Basic Life Support for the Healthcare Provider through the American Heart Association certification or recertification is every two years. Certification must remain active throughout enrollment in the Graduate Nursing program. Students entering the adult-gerontology acute care nurse practitioner track must obtain and maintain Advanced Cardiac Life Support certification (ACLS) prior to enrolling in a clinical nursing class.
- **Documentation of professional liability insurance**: must be provided to the College of Nursing Office of Graduate Programs prior to enrollment in a nursing class. Professional liability insurance must be maintained throughout the program and in accordance with the laws of the state in which the student is practicing.
- **Drug testing and criminal background check**: Students are required to submit to drug testing and criminal background checks upon admission, annually, for reasonable suspicion of drug/alcohol use, and as required by affiliating clinical agencies while enrolled in any Nursing Program. The College of Nursing Graduate Student Handbook provides detailed policies. Violations of the policies are serious and will result in dismissal of students from the College of Nursing.
- **Just prior to the beginning of each fall semester of enrollment**, students must sign and upload an affirmation of the drug testing and criminal background check policies. These must be uploaded to the tracking software used by the College of Nursing.
- **Student completion of culturally competent nursing care, OSHA, HIPAA certifications**.
- **Student signature on consent forms and policies**.
- **Other health requirements may be implemented based on community or clinical agency requirements**.

**DATE APPROVED**: Summer 2017  
**EFFECTIVE DATE**: Fall 2017  
**DATE REVIEWED/REVISED**: Summer 2017  
**DATE OF NEXT MANDATORY REVIEW**: Spring 2022  
**BY**: Associate Dean for Graduate Programs
THE UNIVERSITY OF ALABAMA IN HUNTSVILLE COLLEGE OF NURSING

Substance Abuse and Drug/Alcohol Testing Policy

I. University’s Drug and Alcohol Policies

A. UAH Policies. All UAH College of Nursing students must become familiar with and comply with the UAH policies regarding drugs and alcoholic beverages. These policies are stated in the Student Handbook, the Code of Student Conduct, the UAH Alcoholic Beverage Usage at University Events Policy, and the Drug Free Workplace Statement Policy. These policies incorporate by reference federal, state, and local drug and alcohol laws. Under the Drug-Free Schools and Communities Act, UAH students are informed each year about these and related matters. The Code of Student Conduct standards of behavior apply both to conduct on campus and off-campus conduct.

B. Nursing Drug/Alcohol Policy. This Substance Abuse and Drug/Alcohol Policy (the “Policy”), applying specifically to Nursing students, is intended to complement the University policies described above.

II. Purpose of Policy

A. Safe Academic and Clinical Environment. The College of Nursing recognizes its responsibility to promote a safe, efficient academic environment for students and to cooperate with affiliated clinical agencies in providing for the safe and effective care of their patients during Nursing students’ clinical experiences in the agencies’ facilities.

B. Drugs and Alcohol. Nurses must conduct health care and educational activities only while in full control of their manual dexterity, mental faculties, judgment, and other skills. A Nursing student’s use of drugs or alcohol, lawful or otherwise, in a health care setting interferes with these abilities and poses an unacceptable risk for patients, colleagues, the University, and affiliated clinical agencies. Preventing and/or detecting substance abuse, as defined below, is particularly critical in the Upper Division of the College’s BSN program and its Graduate program, where students spend a considerable amount of time learning patient care in a variety of clinical settings. Accordingly, this Policy has been adopted with the following objectives and purposes:

- To proscribe substance abuse and/or activities or behaviors (a) that are prohibited by the University’s policies regarding drugs and alcoholic beverages; or (b) that may subject the involved student, other individuals, and the University to legal penalties or consequences; or (c) that may cause a deterioration of the circumstances under which the care of patients and the Nursing educational programs are conducted.

- To identify students in the upper division of the BSN program or in the Graduate program who may have a drug or alcohol-related impairment or who may have been arrested, charged, and/or convicted of a drug or alcohol-related offense, either of which may impact their ability to learn safe Nursing care practices or that may create unacceptable risks for the University or the affiliated clinical agencies in which students have clinical experiences.

- To cooperate with affiliated clinical agencies by requiring Nursing students assigned to
clinical activities in such agencies to consent voluntarily (a) to allow those agencies to drug test the student in accordance with their policies, and (b) to disclose any drug testing results to appropriate College of Nursing officials.

- To require all students enrolled in the College of Nursing to submit to mandatory drug testing under the circumstances set forth herein.

III. Definition of Terms

The following terms, when used in this Policy shall have the definitions indicated below.

- “Illegal drug” means any drug/chemical substance that is not legally obtainable; any drug/chemical substance that is legally obtainable but has not been legally obtained; any prescribed drug/chemical substance that has not been legally obtained; any prescribed drug/chemical substance that is not being used for the prescribed purpose or by the person for whom it was prescribed; any over-the-counter drug that is being used at a dosage level other than that recommended by the manufacturer or is being used for a purpose other than the purpose intended by the manufacturer; and any drug/chemical substance that is being used for a purpose or by a person not in accordance with bona fide medical therapy. Examples of illegal drugs/chemical substances include, but are not limited to, stimulants, depressants, narcotic or hallucinogenic drugs, cannabis substances (such as marijuana and hashish), cocaine, heroin, methamphetamines, phencyclidine (PCP), and so-called designer drugs and look-alike drugs.

- “Impaired” means a person’s mental or physical capabilities are reduced below their normal levels (with or without any reasonable accommodation for a disability). An impaired student manifests deterioration in the level of function as compared to that previously observed, or the student does not function at a level normally expected under the circumstances. Impairment may exist in one or more multiple domains, including psychomotor activity and skills, conceptual or factual recall, integrative or synthetic thought processes, judgment, attentiveness, demeanor, and attitudes as manifested in speech or actions. Impairment includes addiction to and/or physical dependence upon drugs/chemical substances and/or alcohol.

- “Nursing student” means any individual formally enrolled in the College of Nursing in pursuit of a BSN or Graduate degree, including registered nurses (RN), students taking courses via distance education, special students, or individuals in post-graduate study, either alone or in combination with any other degree, regardless of the specific location of the student.

- “Reasonable suspicion” means a conclusion, reasonably based on credible evidence, that it is more likely than not that a person has engaged in substance abuse.

- “Substance abuse” means (a) the manufacture, use, sale, purchase, distribution, transfer, or possession of an illegal drug by any Nursing student while enrolled in Upper Division courses in the BSN program or in Graduate courses at UAH, regardless of where the illegal drug activity occurs; (b) the consumption, possession, or distribution of alcohol, unless approved by the University or clinical agency, by any Nursing student while on University or affiliated clinical site premises or while participating in any
University- or affiliated clinical site-sponsored or related activity, including any Nursing course or clinical training activity; and (c) the use by any Nursing student of any drugs, including a prescribed or “over-the-counter” drug, or alcohol in such a way that the student’s performance in any Nursing course, including activities at any clinical site, is impaired.

IV. Policy Requirements

A. General Compliance Duty

1. All Nursing students are expected to comply with the provisions of the several UAH policies regarding drugs and alcohol referenced above. Nursing students are further expected to comply with all the duties and requirements established by this Policy.

2. A Nursing student must not under any circumstance participate in Nursing-related courses or clinical activities while impaired.

3. A Nursing student is expected, in all oral or written communications with the College of Nursing, to be truthful and provide accurate information.

B. Required Disclosures

1. Students in the Upper Division of the BSN program or in the Graduate program will be required to provide (in addition to other information) a signed statement that he or she does or does not engage in substance abuse activities as defined herein. Such students are further required to disclose any past criminal drug or alcohol convictions and the penalties imposed for such conviction(s). These disclosures shall be made on a form provided by the College of Nursing. See Attachment A. This form, when completed, shall be provided to the Associate Dean.

2. A Nursing student is also required to notify and disclose to the Associate Dean any “current” arrest, charge, or conviction relating to a violation of drug or alcohol drug laws. This notice and disclosure must be made within five days of the arrest, charge, or conviction.

C. Student “Self-Disclosure”

1. A Nursing student may voluntarily disclose or “self-identify” use of an illegal drug or an impaired condition and request help to deal with the problem by contacting a member of the College of Nursing faculty or administration.

2. The Associate Dean or designee will institute the drug testing procedure as described in this Policy with respect to such self-identifying student.

D. Drug/Alcohol Testing - Affiliated Agency

1. Upon admission to the Upper Division BSN or the Graduate program, and annually thereafter, the Nursing student shall sign an agreement to abide by the drug/alcohol policies and drug/alcohol testing policies of each affiliated clinical agency to which a
student is assigned; (b) to submit to any drug/alcohol testing required by the affiliated clinical agency; and (c) to release or consent to the release of a copy of any and all drug/alcohol test results and related information to the College of Nursing Associate Dean and/or other appropriate College of Nursing officials. See Attachment B. Failure to sign the consent shall be grounds for non-placement at an affiliated clinical agency and will be considered a violation of this Policy.

2. A student may be tested for drug/alcohol use in accordance with the policies of the affiliated clinical agency and pursuant to the student’s consent, as required in section D.1 above.

3. The cost(s) of all drug/alcohol testing required by affiliated clinical agencies shall be borne by the student or the agency, as determined by the agency. Neither the University nor the College of Nursing shall bear drug/alcohol testing costs arising out of any Nursing student’s placement at an affiliated clinical agency.

E. Drug/Alcohol Testing - College of Nursing

1. A Nursing student may be required to submit to a drug/alcohol test if the student’s conduct or behavior is such as to support a reasonable suspicion of substance abuse or impairment. “Reasonable suspicion” of a student’s substance abuse or impairment may be based on a variety of factors, including but not limited to the following:

   - direct observation of a Nursing student’s substance abuse or impairment

   - direct observation of physical symptoms or manifestations of a Nursing student’s being under the influence of a drug or alcohol, such as, for example, the odor of drugs or alcohol, erratic behavior, slurred speech, staggered gait, decreased motor coordination, difficulty in maintaining balance, flushed face, dilated or pinpoint pupils, wide mood swings, marked changes in personality, deterioration of work or academic performance, or other evidence of impaired behavior

   - the receipt of credible evidence or information from any source indicative of or consistent with a Nursing student’s present or past substance abuse or impairment

   - the receipt of reliable information indicating a Nursing student has caused or contributed to one or more unexplained accident(s), particularly an accident resulting in personal injury

   - a Nursing student’s arrest or conviction for violation of a drug or alcohol law

2. A drug/alcohol test based on reasonable suspicion may be requested by a faculty member, using the form appended hereto as Attachment C. The final decision regarding testing will be made by the Associate Dean.

F. Drug/Alcohol Testing Procedure

1. Drug tests will be arranged by the Office of the Dean in the College of Nursing (unless done in cooperation with the affiliated clinical agency). The cost of a test initiated by the
College of Nursing will be borne by the College.

2. A qualified laboratory will conduct the test, in accordance with established methods and procedures.

3. It is expected that confidentiality of the student as well as the integrity of the sample will be protected by the testing facility.

4. The procedure for collection will be determined by the testing facility and will typically involve a witness to the voiding of the urine sample, securable urine containers, chain of custody procedures ensuring that the samples identified to a Nursing student actually contain materials from that student, measures to protect a sample from tampering, and an analysis of the sample performed in accordance with reasonable and accepted medical standards.

5. The test shall screen for the use of drugs whose use is illegal, or that are prone to abuse, or that are reasonably suspected of being abused or used by the Nursing student, all as determined in the exercise of discretion by the Medical Review Officer of the testing facility.

6. Presumed positives will be confirmed by the best currently available techniques. If the test is positive, the entirety of the available evidence, including health history, will be used to determine the presence or absence of substance abuse. Positive test results will be documented in the Nursing student’s records in the College of Nursing.

7. An alcohol test may be conducted using a breath, blood, or urine analysis method, conducted in accordance with established, recognized procedures and protocols. Such tests may be performed by any facility that is qualified to do so pursuant to applicable legal requirements or, if none, by any facility that is deemed to be qualified by the Associate Dean.

8. The Associate Dean will be notified of the results of all drug/alcohol tests, whether the test was initiated or requested by the clinical agency or by the College of Nursing.

9. All drug/alcohol testing results will be treated by the College of Nursing as information received in confidence. The results will not be disclosed to third parties unless disclosure is required by law, the information is needed by appropriate University officials to perform their job functions, disclosure is needed due to compelling, overriding public health and safety concerns, or the Nursing student has consented in writing to the release of the information. The College and the University shall have the right to use and disclose the results of drug/alcohol testing required by this Policy in connection with internal academic or disciplinary purposes and/or in connection with the defense of any Nursing student grievance or any claim filed by a Nursing student, or by his/her personal representative, in a court of law or with any state or federal administrative agency.

G. College of Nursing Administrative/Academic Actions

1. Violation of any general University policy or of this College of Nursing Policy relating to drugs or alcohol, or an established violation of any federal, state, or local drug and/or
alcohol law will subject the Nursing student to sanctions up to and including dismissal from the College of Nursing. Violations of this Policy include, but are not limited to, a student’s failure to make a disclosure required herein, failure to complete and sign any document required herein, failure to submit to a drug/alcohol test required herein, any attempt to interfere with a drug/alcohol test procedure or the integrity of a blood or urine sample taken in the performance of such test, the providing of false or misleading information to the College of Nursing, etc.

2. If a student’s drug test is positive, the Associate Dean will notify the student and provide the name and address of the reporting entity. The student will be given an opportunity to dispute the accuracy and completeness of any information contained in the test report and may contact the agency. If the positive test is for a prescribed drug, the student will be given the opportunity to obtain a written statement from a qualified physician indicating that the drug level is within prescribed limits and that the level does not indicate substance abuse. The physician must also state in writing that use of the prescribed drug by the student will not interfere with the student’s ability to perform clinical activities in a safe manner.

3. If the drug test is negative, or if the Associate Dean decides, based upon all the circumstances, including information provided by the student, that the student’s drug test results are satisfactory, the student’s admission, continued enrollment, or progression in the program will proceed. The Associate Dean will inform the student of this result. The student will also be informed of the possibility that a clinical agency may not accept the student for participation in a clinical experience at its facility and/or that registration or obtaining a permit or licensure for Nursing practice in a state may be affected.

4. The results of an alcohol test will be handled in a manner similar to the procedures described above regarding drug test results.

5. The decision as to the level of sanction to be imposed on a Nursing student for a violation of this Policy shall be made by the Associate Dean, who may, in making the decision, seek recommendations from any involved faculty member. The student shall also be given an opportunity to meet with the Associate Dean and provide any information deemed relevant. A positive drug/alcohol test, a refusal to submit to a drug/alcohol test when required under this Policy, and/or a recent criminal drug or alcohol conviction will ordinarily result in dismissal from the Nursing program, though in an appropriate case a suspension for one year may be imposed.

6. An adverse decision under this Policy may be appealed by the student in writing to the Dean of the College of Nursing. The Dean’s decision shall be final.

7. A licensed Nursing student who refuses to submit to drug/alcohol testing based upon reasonable suspicion or whose drug/alcohol test is positive will be reported to the appropriate state board of nursing. Full reinstatement of licensure will be required for an unrestricted return to the educational program.
Procedure for Readmission after Dismissal or Suspension

1. A student who is suspended or dismissed from the College of Nursing due to a positive drug/alcohol test may request to be considered for readmission upon satisfaction of the following conditions:
   
   - Submission of a verifiable letter from a recognized drug/alcohol treatment agency stating that the student has successfully completed a substance abuse program.
   - Submission to a drug test prior to readmission. This drug test will be at the student’s expense. A positive drug test will result in the student being ineligible for readmission.
   - Submission to drug/alcohol tests as requested by the College of Nursing or clinical agencies after readmission.

2. A student who is re-admitted to the Nursing program pursuant to the procedures set forth above, and who thereafter tests positive in any drug/alcohol test or who is otherwise determined to have engaged in substance abuse, will be dismissed from the program and will be ineligible to return. Furthermore, the student will not be eligible to receive a letter of good standing from the College of Nursing.
Background Check Policy

I. Purpose:
To ensure students are qualified for clinical placements in accordance with contracts between UAH and affiliated clinical agencies.

II. Policy:

Students are required to follow the Code of Student Code as described in the UAH Graduate Student Handbook. The University will impose sanctions for violations of law, order, or University regulations.

Students are also required to submit to criminal background checks upon admission, annually, and as required by the College of Nursing or affiliating clinical agencies while enrolled in any Nursing Program. Students with felonies will not be admitted to the College of Nursing; those who commit felonies during enrollment in the College of Nursing will be dismissed from the program.

1. Arrests, charges, convictions, pleas of guilty, pleas of nolo contendere (no contest) to any criminal charges or having any pending criminal charges may be grounds for rescinding admission or denying enrollment in the College of Nursing courses and programs.

2. Any crimes involving violence against the person including but not limited to: murder, manslaughter, use of deadly force, assault and battery (other than simple), sex crimes, abuse of children or the elderly, abduction, robbery at any time, and a pattern of driving under the influence prohibit a student from admission or progression in the Nursing Program.

3. If a student’s admission, progression, or enrollment is denied based on the information obtained from a criminal background check, the background check vendor will advise the student of the report, the student will be referred to this policy, and will be given an opportunity to respond to the background check. The vendor will provide to the student the name and address of the reporting agency that furnished the report and will inform the student of the right to dispute the accuracy and completeness of any information contained in the report by contacting the reporting agency directly.

III. Procedure:

a. Student is admitted to the nursing program and receives admission packet that contains required documents
b. Student registers online at background check vendor’s website and pays for services
c. The Office of the Associate Dean (AD) checks the website for results prior to deadline
d. The Office of the AD clears students who have their documents complete and who have passed background check/drug screen
e. The Office of AD sends notices if documents are not complete
f. The AD administratively withdraws student for non-compliance when he/she has not completed the documentation.

g. Background check vendor notifies student directly with adverse report, which contains information about contacting the agency with the positive drug screen or with a positive background check.
h. The Office of the AD notes the flagged record (adverse report) and informs the Associate Dean.
i. The Associate Dean sends student a copy of the CON policy and a deadline to resolve the adverse report.
j. Students who receive an adverse report, follow the instructions provided by Pre-Check and the Office of the Associate Dean.
k. Students who respond to the adverse event have an opportunity to meet with the Associate Dean. The Office of the Associate Dean will review documentation collected by the background check vendor. If the College of Nursing decides, based upon the individual’s written description, explanation, and documentation about information obtained in background check, that the student’s background check is satisfactory, the Associate Dean will inform the student of the College of Nursing’s decision to allow admission, continued enrollment, or progression in the program. However, there is no guarantee that every clinical facility will permit the student to participate in educational clinical experiences at that facility or that any state will accept the individual as a candidate for registration, permit, or licensure.
l. Depending on the findings in the background check (misdemeanor or felony) and the documentation provide by the student, continued enrollment may be possible. Students with misdemeanors typically can remain in the program unless there is a pattern of misdemeanor offenses. Student with felonies are dismissed from the program.
m. The Associate Dean administratively withdraws student for non-compliance to resolve the adverse report.
ADA Compliance Essential Functions

In order to satisfactorily accomplish the curriculum objectives of the Bachelor of Science Nursing degree, the student must meet the essential eligibility requirements for admission into and progression in the nursing program. The student should be able to perform each activity listed with or without reasonable accommodations. If the student cannot meet one or more of the essential functions with or without reasonable accommodation, the student may not progress in the program.

DISCLAIMER: The Essential Functions that are declared in the table are not intended to be a complete listing of nursing practice behaviors, but are a sampling of the types of abilities needed by the nursing students to meet program objectives and requirements. The College of Nursing or its affiliated agencies may identify additional critical behaviors or abilities needed by students to meet program or agency requirements. The College of Nursing reserves the right to amend this listing based on the identification of additional essential functions for nursing students. The identified essential functions are revised and adopted from the Americans with Disabilities Act: Implication for Nursing Education (reapproved 2004) by the Southern Regional Education Board and the Council on Collegiate Education.
Essential Functions for Nursing Students

1. Gross and fine motor abilities sufficient for providing safe and effective nursing care.

2. Interpersonal abilities sufficient to interact with individuals, families, and groups from various social, emotional, cultural and intellectual backgrounds.

3. Behavioral/Social abilities sufficient to demonstrate emotional stability, maintenance or composure under stress, development of mature, empathetic and effective nurse-patient relationships and use of sound and unimpaired judgment in classroom and clinical activities.

5. The ability to engage in two-way conversations and interact effectively with others orally and in writing.

6. Mobility abilities and strength sufficient to move from room to room, maneuver in small spaces, and support clients.

7. Auditory ability sufficient to support communication and to monitor and assess clients' health needs.

8. Visual abilities sufficient for observation and assessment necessary in nursing care including reading documents such as patient charts and laboratory reports; reading calibrations on syringes, small print, sphygmomanometers, and thermometers, and accurately observing client behaviors such as color changes and nonverbal communication.

9. The ability to detect odors.

10. The ability to work for extended periods of time using technology, including computer testing, online course work, smartphone, and electronic health records.

11. These core performance standards are not intended to be a complete listing of all nursing behaviors, but they are a sampling of the types of abilities needed by nursing students to meet program objectives and requirements. The College or its affiliated agencies may identify additional critical behaviors or abilities. The identified core performance standards are revised and adopted from the Americans with Disabilities Act: Implications for Nursing Education (revised 2008).
NOTIFICATION OF GRADES

1. Purpose:

   The purpose of the policy is to define how student grades are distributed.

2. Policy:

   Students are responsible for obtaining their grades using the University’s learning management system during the semester and in Banner on the student's transcript after final grades are posted.

3. Procedure:

   A. College of Nursing faculty/staff will not distribute grades by telephone, email, or by posting grades.

   B. Students have access to grades on exams or other assessments any day or time by logging into the University’s learning management system using their Charger ID and password.

   C. Students obtain their final grades at the conclusion of each semester in Banner by logging into the system with their Charger ID and password. Banner holds the unofficial transcript.

   D. Students who graduate will have order their official transcript online from the Registrar’s Office. Student applying to the Alabama Board of Nursing can select “electronic delivery” the Board of Nursing. Student applying to other state boards likely will need to request a paper transcript, and the student will need to pick up the transcript from the Registrar’s Office. The request for transcripts is coordinated by the Office of Graduate Programs.

   E. Students must pay a fee online for the transcript (regardless of the method of delivery).
Blood borne Pathogen Exposure Policy

Students in the College of Nursing will follow these procedures in the event of an “incident” while in the clinical or laboratory portion of a course or activity.

An “incident” is defined as any event with possible or real untoward effects involving a student, client, and family member or where there is a real or potential exposure to a communicable disease or blood borne pathogen. (Examples include: needle or sharps sticks, splashes with body fluids, secretions, etc.)

These procedures are to be followed only after emergency treatment is performed as appropriate.

1. When an incident occurs in an off-campus clinical site:

   A. The event should be immediately reported to the clinical instructor or preceptor. The nurse in charge of the unit should also be immediately notified.
   B. Agency nursing personnel will determine if an official agency incident report is needed.
   C. The student may be requested to complete a portion of the incident report. Student must acknowledge follow-up care required with their signature.
   D. Agency protocol must be followed which may include treatment and required blood work.
   E. If direct blood/body fluid contamination (i.e. cuts with contaminated instrument, needle stick, etc.), is involved, the student should immediately contact their personal physician for follow-up care.
   F. Students are required to obtain the follow-up care/testing stated in the agency protocol.
   G. Students are responsible for medical bills incurred as a result of injury or illness.
   H. Copies of all agency and College of Nursing incident reports must be forwarded to the Office of the Associate Dean.

2. When an incident occurs on campus

   A. The student will immediately notify the instructor and the Office of the Associate Dean.
   B. The student requiring emergency treatment should be transported to the appropriate emergency treatment facility by ambulance. College employees are not to transport the student.

3. Students must sign the Incident Report Form
Learning and Technology Resource Center
General Policies

The College of Nursing features a 10,615 square foot Learning and Technology Resource Center (LTRC) that is located on the third floor of the College of Nursing. The LTRC is a state of the art facility which houses a 16-bed hospital lab, 16-table assessment room, 4 Advanced Practice provider clinical examination rooms, 5 High-Fidelity simulation laboratories, an Obstetric/Pediatric 4-bed laboratory, an IV practice room, Pyxis medication room, a home-health simulation room and two debriefing rooms. In addition to the teaching lab space, the LTRC houses other educational and research materials. The simulation labs feature the latest in high fidelity human patient simulators and include 2 adult simulators, 2 obstetric simulators, 2 infant simulators and 1 pediatric simulator. In addition to the high fidelity simulators, the Center offers low fidelity simulators, task trainers, and a medication dispensing system.

Clinical simulation experiences are captured via a video recording system which can viewed anywhere on campus in both real time and from previously recorded experiences. Recording provides the opportunity to share the benefits of simulation with larger audiences.

The LTRC is supported by an Executive Director, Director of Instructional Technology, Director of the Learning Resource Center, Simulation Technician, Instructional Technology Specialist, graduate teaching assistants and student workers. Usual hours of operation are 8:00 am to 5:00 pm (CST) Monday through Friday.

Code of Conduct/Expected Behavior

The LTRC contains Charger Hospital, which is a non-threatening, professional and safe learning environment. Users are expected to remain respectful at all times. Because the scenarios can appear life like, anxiety levels can escalate. During simulation, especially the debriefing segment, individuals are asked to refrain from negative comments that are meant to demoralize others. This is an open learning environment. Positive feedback and suggestions for improvement are encouraged. The staff encourages the learners to think out loud and work as a team.

All clinical experiences and simulation scenarios are confidential and copyrighted; they are the sole property of The University of Alabama in Huntsville’s College of Nursing. Documents should not leave the LTRC, be reproduced, photographed or disseminated in any manner.

Dress Code

All students are required to adhere to the College of Nursing Dress code policy while they are in the LTRC. Faculty should adhere to the same dress code as the students they are teaching. In addition, faculty and students are required to wear their College of Nursing photo identification badge.

Equipment

Limited quantities of health assessment equipment are available for specific courses and may be checked-out for specific time periods. Materials and equipment is available to be signed-out and used in the lab. Any LTRC material that is checked-out must be returned in working condition by the due date or by the end of the semester, unless prior arrangements are made with the LTRC
Director. Faculty will hold a student’s grades if materials or equipment are not returned by the assigned date. Failure to return material may result in delayed registration for future classes until materials or equipment are returned or satisfactory steps are taken for replacement.

Visitors
Visitors are allowed in the hallway and in the laboratories when escorted by faculty, staff, or students. Visitors are required to identify themselves to LTRC personnel and sign into the visitor log book upon arrival. Visitors may be asked to leave if they become disruptive, are unescorted, or mishandle equipment. All visitors are responsible for obtaining their own parking pass from UAH Police Department in the Intermodal Parking Facility.

Food/Drink
No food or drink is allowed in any laboratory, debriefing or control room in the LTRC.

Writing utensils
The use of pens can damage the simulation manikins and task trainers. Please use pencils in the LTRC.

Personal Items
All personal items including backpacks and purses must be kept in the nursing lockers. Personal items and bags will not be allowed in any of the units of the LTRC. Students are strongly encouraged to leave all valuables at home. The LTRC is not liable for misplaced or missing items. A lock may be brought and used for the locker but the lock must be removed each day. Any lock not removed by 5:00 p.m. each day may be cut and removed by LTRC staff.

Cell phones and Cameras
Cell phones may be used per faculty approval. No cameras are allowed; pictures may not be taken of other students, faculty, clinical experiences, or equipment without written permission from LTRC management.

Confidentiality
Each student signs an online confidentiality policy and video/photo release form for the LTRC at the beginning of each semester. This form is found on the clinical orientation CANVAS site. All clinical information (real or fictional) is confidential and any disclosure of this information is a violation of LTRC policy. This information is privileged and confidential regardless of format (electronic, written, overheard, or observed). Students agree to report any violations of confidentiality to your faculty and LTRC staff.

Universal Precautions
Proper cleaning of hands using hand sanitizer are required in all clinical areas. Hand sanitizer is to be used in the same manner as an external clinical environment. If health care institutional protocol would indicate, then don masks, gloves, and gowns in accordance with the clinical experience when practicing in the LTRC.

Simulation & Learning Activities
Simulation Control Room/Audio Visual Equipment

The control room is only to be accessed by faculty who have reserved the simulation lab or individuals that are granted permission specifically by the Simulation Technician or the Director of the LTRC. Please be respectful and do not enter the control rooms or simulation labs if you are not scheduled to avoid disruption of the learning environment and/or audio/visual recording. The audio/visual equipment, including the laptops, is for simulation purposes only. Only individuals that are trained may access and manipulate the audio/visual equipment.

Pre-briefing

As dictated by your faculty/instructor, all assigned pre-briefing or preparation activities should be completed prior to the simulation experience. Lack of preparation may result in an inability to participate in the simulation; arrive 15 minutes prior to your simulation time dressed appropriately (see College of Nursing Dress Code).

Simulated Clinical Experience (SCE) Participation

Students are expected to participate in all simulation activities including but not limited to preparation, pre-briefing, simulation, debriefing and evaluation.

Simulation Evaluations

Simulation evaluations are completed online after each simulation activity prior to leaving Charger Hospital.

Skills Practice

All students and faculty are responsible for cleaning up after skills practice, keeping their areas organized and disposing of materials appropriately. All sharps should be disposed of sharps biohazard containers provided by the LTRC.

Treatment Rooms

If a real individual (faculty/staff/actor/actress) is used as a standardized patient, or students are required to use the beds, then shoes must be removed prior to bed access. No other individuals are allowed in bed while a simulation mannequin is in the bed.

LTRC Computer Policy:

All faculty, students, staff, and visitors are to abide by University of Alabama in Huntsville Computer Use Policy. To review the policy in full, please access the following website: http://www.uah.edu/its/policies/computer-use. You may also ask the Director of the LTRC for a copy of this policy.

The LTRC does not provide computer access for students or faculty. Wireless connection is available for both students and faculty in the LTRC. Anyone experiencing any problems with hardware or software should immediately contact the LTRC Director, Executive Director or LTRC personnel for assistance. Do not attempt to correct the problem without supervision or assistance.

DATE APPROVED: Fall 2013
SEMESTER AND YEAR EFFECTIVE: Spring 2015 DATE
REVIEWS/REVISED: February 16, 2015
SEMESTER AND YEAR OF NEXT MANDATORY REVIEW: Fall 2020
BY: Executive Director LTRC
Other College of Nursing Requirements

Program Requirements/Course Assignments
Students are expected to fulfill program requirements as listed on the program of study and course assignments as listed on the syllabi. Requirements/assignments are due on the expected date unless the student makes prior arrangements with the faculty. Requirements/assignments turned in late may be penalized based upon the discretion of the faculty member. In addition, the faculty member has the option of not accepting the work. Faculty are supportive in assisting students in extenuating circumstances; however, students are expected to make prior arrangements with them or to notify them as quickly as possible in emergency situations. Students who accrue a significant number of missed or late requirements/assignments during any one term may jeopardize their grades. Therefore, regular access to Canvas is important.

Clinical Preceptor/Agency Selection and Contracts
University and Board of Nursing regulations require signed contracts with all agencies in which students have clinical experiences. Establishing and maintaining these contracts is the responsibility of faculty and administrators in the College. Students may not initiate the process. All arrangements for clinical experiences, including review of current contracts, are the responsibility of the faculty member responsible for the course in which the experience is to occur. Students are encouraged to consult with faculty as early as possible if there are special considerations regarding a clinical agency. Students will also have to meet any agency requirements.

Costs Incurred for Accidents or Injury
Students are responsible for costs incurred as a result of accidents or injuries in clinical or college laboratories. This may include follow-up testing and/or treatment. Students are not eligible for Workman’s Compensation Benefits from clinical agencies or the University.

Ethical Conduct
Students are expected to maintain ethical and exemplary professional behavior in all aspects of the teaching-learning process. Refer to the UAH Student Handbook for additional information.

Evaluation of Courses and Faculty by Students
Students are requested to evaluate courses, faculty, and preceptors at the end of each semester. This information is used in faculty evaluations, in revision of the courses and/or teaching methods, and in the choice of expert preceptors.

Evaluations of Student Progress
Students receive evaluations of progress toward attainment of course objectives at identified intervals throughout courses. The times and methods vary with the courses. Students are encouraged to consult with the grade-responsible faculty member any time they need validation of their progression in the course. Students receive summary evaluations at the completion of each clinical course.
Grades
The University grading system is described in the *UAH Graduate Catalog*. Grade point average (GPA) is calculated by dividing the total number of quality points earned by the total number of semester hours attempted. At the completion of each semester, students access their grades in Banner.

As stated in the *Graduate School Handbook*, students with cumulative grade point averages less than 3.0 at the end of each semester will have registration holds automatically placed on them for the next semester. These holds will be cleared by the Dean of the Graduate School only after approval of a written plan submitted by the student and approved by his/her advisor. This plan should clearly state the actions to be taken (including, if applicable, course repeats) to remedy the grade point average to 3.0 within a specified period of time. Failure to remedy the grade point average within the time period specified in the plan may lead to dismissal from the Graduate School, following the published policy in the *Graduate Catalog*.

In addition, graduate courses must be passed with a grade of “B” or higher. Any course grade of less than a “B” must be repeated. More than one grade of less than a “B” may result in dismissal from the program. Any student who receives less than a “B” will be reviewed for progression by the Admission and Progression Committee. This Committee will recommend either continuation in the program with repeat of the course or dismissal from the nursing program. Input from appropriate faculty will be obtained. The Committee will make recommendations to the Associate Dean.

Plagiarism
Plagiarism is defined as the use of any other person’s work (such work need not be copyrighted) and the unacknowledged incorporation of that work in one’s own work offered in fulfillment of academic requirements (*UAH Student Handbook*). Plagiarism and/or falsification of records are considered justification for failure in the course. UAH subscribes to Turnitin.com, an online collaborative learning tool for faculty and students, which supports members of the University academic community in their quest to uphold academic integrity. Turnitin.com allows the student or educator to upload a paper into the Turnitin.com database, where software will then use algorithms to create “digital fingerprints” that can identify similar patterns in text (“About Turnitin.com”). Turnitin.com creates an “originality report” that highlights any passages from the paper that might not be authentic, and lists web sites and other resources with content that matches that in the paper. To learn how to use Turnitin see [https://www.turnitin.com](https://www.turnitin.com)

References
Students who need references from faculty members for employment or other purposes should receive permission of the faculty member prior to submitting their names. Prior to completing the program, students are requested to complete “Consent to Release Information Form.” This signed form is placed in the file and allows information to be submitted in response to reference requests received after the student has graduated.

Responsibility to Clinical Agencies
Students are responsible for complying with policies and procedures required by clinical agencies. Failure to meet any requirement may lead to exclusion from required clinical
educational experiences and prevent completion of the program. Additionally, should a student cause damage to property during the course of clinical experiences, liability and cost of repair shall be the responsibility of the student.

**Representation as Nursing Student**
Students shall not represent themselves as nursing students or engage in patient/client care as nursing students except as part of an assigned, planned learning activity in a practice setting integral to the curriculum.

**Style for Written Assignments**
All papers must be typed unless otherwise specified by the faculty member. Guidelines for specific papers are given by the course instructor(s). All written work, including documentation of information sources, bibliographies and/or reference lists, submitted by students must follow the *American Psychological Association Guidelines* (APA), current edition. Refer to *APA Guidelines* in the library or purchase a copy of the *Guidelines* at the University Bookstore.
Academic Policies

Academic Advisement Procedure
Graduate students are assigned a faculty advisor during the first semester through the Office of Associate Dean for Graduate Programs. Students are expected to consult with their assigned advisors prior to each registration and at other times as needed. Faculty advisors inform students in their syllabi about office hours. Times other than those listed may be scheduled on an individual basis.

Academic Misconduct Disciplinary Procedure
Academic Misconduct includes dishonesty in any academic work within the College of Nursing. Academic misconduct is defined in the current UAH Student Handbook and is resolved according to the procedure outlined therein.

Academic Grievance Procedure
Should a grievance arise over an academic matter, a student has the right to pursue resolution of the issue through appropriate channels. Since most grievances are resolved at the level where the problem arose, the student is urged to initiate resolution at that level. Appeals are always submitted in written form. The student shall proceed through the following channels until such time as the grievance is resolved, or the student chooses to terminate the process:

1. The faculty member immediately involved
2. Course Manager
3. Program Coordinator
4. Associate Dean for Graduate Programs, College of Nursing
5. Dean, College of Nursing
6. Provost and Executive Vice President for Academic Affairs

When a grievance relates to a final course grade, the student must institute the appeal process within four weeks after the end of the semester in which the grade was received. (Refer to the UAH Student Handbook, Chapter 6.11)

Withdrawals
It is the student’s responsibility to understand the withdrawal policies and follow UAH deadlines. Any student failing to follow the established procedure for withdrawal will continue to be enrolled in the class and will receive a failing grade. Students need to be aware that many potential employers, as well as graduate and professional schools, view an excessive number of W’s on a transcript as a flag that the student cannot be counted on to complete demanding projects. Advisors should be informed of this fact and students should be encouraged to discuss with their advisors any plans to withdraw from a course, especially after the first two weeks of the semester. For more information, see the UAH Graduate Student Handbook.
Recording of Withdrawals
If the withdrawal process is completed during the first two weeks, the withdrawing student’s name does not appear on the final rolls of the class from which the student withdrew, and that course does not appear on the student’s permanent record. If the withdrawal process is completed after the first two weeks, then the withdrawing student’s name will be on the final rolls of the class from which the student withdrew, and that course will be recorded on the student’s permanent record with a final grade of W. The University does not use grades of W to compute grade point averages. If a student fails to withdraw officially then “F” is recorded for the course.

Approvals Required
The University does not require that the student justify any course withdrawal completed before last day to withdraw as posted on the Registrar’s Calendars found at https://www.uah.edu/registrar/calendars. After the published date, the student must give evidence of extenuating circumstances to justify withdrawal from a course. Avoidance of an undesirable grade does not justify withdrawal. It is the duty of the Dean of the college in which the student is enrolled to verify that the circumstances justify withdrawal from a course. In addition, students participating in certain programs must secure approval or give adequate notification to the appropriate officers of these programs. It is the joint duty of these programs and the Office of Student Records to ensure that students participating in these programs are aware of any such requirements.

Transfer Credit Policy

The student must complete and submit the Graduate Student Request Form indicating what credit is being requested for transfer and submit to the Director of Graduate Nursing Admissions and Advisement. The following information must accompany the request:

1. A course transcript to include final grade earned.
2. The institution’s accreditation status where course was taken.
3. The institution’s grading scale system where course was taken.
4. The course syllabi to include course description and course objectives.
5. The course topical outline with clear delineation of topics.
6. Any course materials that would provide more detailed information about the course.

A. The student may, at any time, email or call the Director of Graduate Nursing Admissions and Advisement to inquire about the completeness of their information or the status of their transfer credit. It is the student’s responsibility to make sure transfer request packet is complete.
B. The Director of Graduate Nursing Admissions and Advisement will forward the request form and information to the Program Coordinator for review.
C. A decision will be made and communicated to the student in writing within five working days.
D. If the transfer credit is approved, it will be documented in the student’s file and a form will be submitted to the Registrar’s office.
MSN Student Awards

Graduate Honors Scholars

There will be an award given to a graduate student in each of the clinical tracks, one post-masters certificate, and one DNP student according to the following criteria:

The student will:

1. Have a minimum GPA of 3.6 on courses taken at UAH.

2. Have completed a minimum of 24 graduate hours. Student cohorts graduating within one year will be eligible. If the primary month of graduation is December, those completing course work in the Spring, or Summer will be eligible to be within the pool of applicants for awards in December.

3. Have demonstrated outstanding clinical expertise and contribution to his or her field.

4. Demonstrate enthusiasm and support for the profession, the educational program, and the development of nursing science.

5. Demonstrate leadership in the field, and have potential to impact the future direction of nursing and health care.
Graduate Academic Excellence

There will be one award given to a graduate student who have demonstrated overall academic excellence according to the following criteria:

The student will:

1. Have a minimum GPA of 3.6 on courses taken at UAH.

2. Have completed a minimum of 24 graduate hours. Student cohorts graduating within one year will be eligible. If the primary month of graduation is December, those completing course work prior to the Spring or Summer will be eligible to be within the pool of applicants for awards in December.

3. Have demonstrated enthusiasm for and excellence in scholarship and its application to health care.

4. Demonstrate enthusiasm and support for the profession, the educational program, and the development of nursing science.
Graduate Preceptor Award

One of the purposes of the College of Nursing (CON) is to promote quality health care. The CON wishes to recognize preceptors who strive to meet these goals in an exemplary manner. The following guidelines have been established by the CON in the selection of Preceptor of the Year recipients.

PURPOSES: The purposes of the CON Preceptor of the Year Award Program are:

1. To recognize outstanding preceptors who have demonstrated exemplary performance in the nursing profession and have assisted faithfully in the education of undergraduate or graduate students.

2. To support programs of the CON.

ELIGIBILITY: Any registered nurse, advanced practice nurse, or physician asked to perform in the role of preceptor at the graduate level who supports the ideals of the CON is eligible.

SELECTION: Selection of recipients will be based on criteria established by CON.

CRITERIA: The following criteria were established by CON:

1. Display evidence of high professional/ethical standards.

2. Exemplify leadership qualities.

3. Consistently demonstrate a caring attitude in delivering quality nursing care/health care to the citizens of Alabama.

4. Display support for the development and improvement of teaching, mentoring, research, and service programs in nursing.

5. Provide for the development of studies, projects, and/or programs designed to impact the quality of life.

SYMBOLS: Preceptor of the Year certificate.

Nomination Materials Checklist:
_____ Attach a narrative description outlining how the nominee meets the award criteria. Must not exceed 200 words. Permission for printing is assumed with submission.
GRADUATION INFORMATION

Graduation Requirements

Graduate nursing students must meet requirements for all The University of Alabama in Huntsville. In addition, requirements specific for the College of Nursing are addressed in the College of Nursing section of the University of Alabama in Huntsville Graduate Catalog.

Students must meet standards of professional conduct in the Code of Nursing and standards of student behavior in University handbooks. Throughout the program, students must meet health and other requirements identified in Graduate Admission and Enrollment requirements.

Registered nurse students and advanced practice nurses must maintain an unencumbered licenses in good standing in the state in which clinical experiences are completed throughout the program. They will not be eligible for continuance in the program if licensure is suspended or revoked. Students are required to notify the College of Nursing if there is a change in licensure status.

Any requests for exceptions to progression and graduation requirements must be addressed in writing to the College of Nursing Associate Dean for Graduate Programs.

Application for Graduation

Candidates for graduation must file an application with the Registrar at least three months prior to the time requirements are expected to be completed. Application forms may be found online through the University website at http://www.uah.edu/registrar/commencement/apply-to-graduate

Commencement

University Commencement is conducted at the end of the fall and spring semesters. Caps and gowns are available through the University Bookstore. For more information go to http://www.uah.edu/registrar/commencement
FORMS

Verification of Knowledge of MSN Student Handbook

I hereby acknowledge that I am familiar with the College of MSN Student Handbook that is available online. This resource contains helpful information on the mission, philosophy, program objectives, nursing standards, and policies and procedures associated with the nursing program.

Substance Abuse and Drug/Alcohol Testing Policy Student Disclosure Statement

I have read the Substance Abuse and Drug/Alcohol Testing Policy (“Policy”) of The University of Alabama in Huntsville College of Nursing, and I agree to comply with all aspects of this Policy and the related University policies referenced in it.

I understand that if I engage in substance abuse as defined in the Policy or if I violate the Policy in any other manner, I may be dismissed from the College of Nursing.

I understand that it is a requirement that all students in the Upper Division of the BSN program and in the Graduate program of the College of Nursing provide a true and accurate, signed statement indicating whether he/she does or does not engage in substance abuse activities and whether he/she has any prior criminal drug or alcohol convictions.

In compliance with the forgoing requirement, I hereby state as follows (circle the appropriate response):

I (am) (am not) over the age of 18.

I (am) (am not) engaged in any drug or alcohol activity that would fall within the definition of “substance abuse” as that term is used in the Policy. (See the bottom of this form for a copy of this definition and the definition of “illegal drug” and “impaired”).

I (am) (am not) personally misusing any prescribed or over-the-counter drug or alcohol in a manner that significantly impairs, or is likely to develop an impairment in, my performance in any Nursing course, including any clinical activities.

I (have been) (have not been) arrested, charged, or convicted of any violation of a federal, state, or local drug or alcohol law.

(If appropriate, you may provide explanatory information on the reverse side of this form)

_________________________________________   _______________________________________
Student’s Signature                           Student’s Printed Name

_________________________________________   _______________________________________
Date                                           Witness Signature
This form will be maintained by the College of Nursing and will be disclosed to appropriate clinical agencies upon their request.

- “Substance abuse” means (a) the manufacture, use, sale, purchase, distribution, transfer, or possession of an illegal drug by any Nursing student while enrolled in Upper Division courses in the BSN program or in Graduate courses at UAH, regardless of where the illegal drug activity occurs; (b) the consumption, possession, or distribution of alcohol, unless approved by the University or clinical agency, by any Nursing student while on University or affiliated clinical site premises or while participating in any University- or affiliated clinical site-sponsored or related activity, including any Nursing course or clinical training activity; and (c) the use by any Nursing student of any drugs, including a prescribed or “over-the-counter” drug, or alcohol in such a way that the student’s performance in any Nursing course, including activities at any clinical site, is impaired.

- “Illegal drug” means any drug/chemical substance that is not legally obtainable; any drug/chemical substance that is legally obtainable but has not been legally obtained; any prescribed drug/chemical substance that has not been legally obtained; any prescribed drug/chemical substance that is not being used for the prescribed purpose or by the person for whom it was prescribed; any over-the-counter drug that is being used at a dosage level other than that recommended by the manufacturer, or is being used for a purpose other than the purpose intended by the manufacturer; and any drug/chemical substance that is being used for a purpose or by a person not in accordance with bona fide medical therapy. Examples of illegal drugs/chemical substances include, but are not limited to, stimulants, depressants, narcotic or hallucinogenic drugs, cannabis substances, such as marijuana and hashish, cocaine, heroin, methamphetamine, phencyclidine (PCP), and so-called designer drugs and look-alike drugs.

- “Impaired” means a person’s mental or physical capabilities are reduced below their normal levels (with or without any reasonable accommodation for a disability). An impaired student manifests deterioration in the level of function as compared to that previously observed, or the student does not function at a level normally expected under the prevailing circumstances. Impairment may exist in one or more multiple domains, including psychomotor activity and skills, conceptual or factual recall, integrative or synthetic thought processes, judgment, attentiveness, demeanor and attitudes as manifested in speech or actions. Impairment will include addiction to and/or physical dependence upon drugs/chemical substances and/or alcohol.

Explanatory Comments (if any):
Student’s Consent and Release Authorization - Drug/Alcohol Testing

I have read the College of Nursing Substance Abuse and Drug/Alcohol Testing Policy (“Policy”), and I understand that as a condition to assignment to or placement with an affiliated clinical agency, I will be subject to that particular agency’s drug/alcohol use policies and its drug/alcohol testing policies. I further understand that, if required by the agency’s policy, I may be required to submit to pre-clinical placement drug testing, random drug testing, and/or drug/alcohol testing based on reasonable suspicion of substance abuse. I understand that the cost of any drug/alcohol tests required by any affiliated clinical agency with which I may be placed shall be borne by me.

By my signature below, I hereby give my complete and voluntary consent to submit to any such drug test(s) at a designated entity/facility as required by any affiliated clinical agency at which I am placed by the College of Nursing.

I further understand that I may be subject to drug/alcohol tests initiated by the College of Nursing based on reasonable suspicion for substance abuse by me while I am attending any College of Nursing courses or clinical activities or while I am enrolled in the Upper Division of the BSN program or the Graduate program.

I understand that if I refuse to submit to drug testing required by the affiliated clinical agency, the College of Nursing will have no responsibility to find me another clinical placement and that I may be dismissed from the Nursing program. I understand that if I refuse to submit to drug/alcohol testing required by the College of Nursing based upon reasonable suspicion for substance abuse, I may be dismissed from the Nursing program. I further understand that, pursuant to the College’s Policy, a positive drug/alcohol test may result in dismissal from the program in which I am enrolled.

I understand that the clinical agency and College of Nursing have a legitimate need to receive the results of a drug/alcohol test performed in accordance with this Policy. I hereby authorize any drug testing entity/facility, and its physicians (including the Medical Review Officer), employees, and representatives, that conducted a drug/alcohol test pursuant to this Policy and that has control over any documents, records, or other information pertaining to my drug/alcohol test, to furnish originals or copies of any such documents, records, or other information to the appropriate official(s) of the affiliated clinical agency (if it requested the test) and/or of the College of Nursing (if it requested the test), and I hereby give my consent in advance thereto. I further authorize and consent to any drug testing entity/facility, and its physicians, employees, and representatives, to answer questions and inquiries from appropriate officials or employees of the clinical agency or of the College of Nursing concerning those documents, records, and other information, including, without limitation, drug testing results, related medical records and medical reports, analyses, questionnaires, and other materials that may have been made or prepared pursuant to or in connection with my drug/alcohol tests.

I waive, release, and discharge forever the drug/alcohol testing entity/facility, and its physicians, employees, and representatives, that conducted drug/alcohol tests requested by the clinical agency or by the College of Nursing under this Policy, and I waive, release, and discharge the clinical agency, its employees and representatives, and the University, its trustees, officials, and employees (including those in the College of Nursing) from any and all liability or claims of whatever kind and nature arising out of, associated with, or related in any way to the drug/alcohol tests and the subsequent release, furnishing, disclosure, inspection, and use of the results of such tests and the documents, records, or other information pertaining to such tests, all under this Policy.

Student’s Signature                          Student’s Printed Name

________________________________________  _________________________________________
Date                                      Witness Signature

This form will be maintained by the College of Nursing and will be disclosed to appropriate clinical agencies upon their request.
Substance Abuse and Drug/Alcohol Testing Policy
Report of Reasonable Suspicion of Drug/Alcohol Use

To be completed by the faculty member supervising the Nursing student to be tested.

1. Name and social security number of Nursing student suspected of substance abuse as defined in the UAH Substance Abuse and Drug/Alcohol Testing Policy.

   Name: ____________________________  SSN: ____________________________
2. State the information/evidence based on which you have developed a reasonable suspicion that the student has engaged in substance abuse. Be as specific as possible.* Include the times and dates when incidents occurred or unusual behavior was observed, the identity of any particular substance suspected of abuse, if known, and the names and whereabouts of those witnessing the incidents/behavior. If necessary, use additional sheets, stapled to this form.

Based on the information and evidence noted above, it is my opinion that there is reasonable suspicion that this student has engaged in substance abuse.

__________________________________________________________________________  _______________________________________________________________________
Faculty Member’s Signature                                      Faculty Member’s Printed Name
__________________________________________________________________________  _______________________________________________________________________
Date                                      Faculty Member’s Title

The original of this form should be given to the UAH College of Nursing Associate Dean for inclusion in the student’s Nursing records. It may be disclosed on a “need to know” basis to clinical agencies and/or testing entities/facilities.

* The types of information that should be noted, if observed or known, includes the following: speech (incoherent, confused, change in speech, slurred, rambling, shouting, profane, slow); coordination (swaying, staggering, uncoordinated, grasping for support); performance (using unsafe practices, unsatisfactory work); alertness (change in alertness, sleepiness, confusion); demeanor (change in personality, fighting, excited, combative, aggressive, violent, argumentative, indifferent, threatening, antagonistic); eyes (bloodshot, dilated); clothing (dirty, disheveled); odor of alcohol on breath; unexplained absences or tardiness; student found with drugs/alcohol or admitted use of drugs/alcohol; complaints by students or third parties of student’s behavior and if so a list of witnesses to the behavior.
Background Check Policy Affirmation

I have read the Background Checks and Drug Screening Policy and Procedure of The University of Alabama in Huntsville College of Nursing, and I agree to comply with all aspects of these policies.

I understand that as a registered nurse, the College of Nursing is to be made aware immediately of any convictions or pleas of guilty of, pleas of nolo contendere (no contest) to, any criminal charges, or any pending criminal charges during a student’s enrollment. Any crimes involving violence against the person including but not limited to murder, manslaughter, use of deadly force, assault and battery (other than simple), sex crimes, abuse of children or the elderly, abduction, or robbery at any time prohibit a student from admission or progression in the Nursing Program. If I violate any state or federal statute and/or fail to notify the Dean of the College of Nursing within five days of being found guilty of such violation, I may be dismissed from the College of Nursing.

I understand that it is a requirement for students in any nursing program with The University of Alabama in Huntsville College of Nursing to provide a true and accurate, signed statement indicating whether I do or do not engage in chemical substance abuse or misuse and whether I am involved in any administrative actions or have prior legal convictions pertaining to the abuse/misuse of alcohol or any other chemical substance. In compliance with this requirement, I hereby verify under penalty of perjury that:

I (am) (am not) (circle the appropriate response) over the age of 18.
I (have) (have not) (circle the appropriate response) had charges filed against me for any infraction of the city, county, state, or federal laws other than minor traffic violations
I (will) (will not) (circle the appropriate response) report violations other than minor traffic violations to the Associate Dean for Graduate Program in the College of Nursing
I (will) (will not) (circle the appropriate response) report violations other than minor traffic violations to the appropriate board of nursing for the state in which I practice.
