2022, we see you!

It's hard to believe another year has passed before our eyes. We are thrilled to welcome new and welcome back our students to campus. Trust us when we say things just aren't the same without you all here! I hope this year presents more opportunities to connect with each other as, safety permitting, we have some exciting things in the works. Stay tuned...

Undergraduate students: your advisor has been working diligently to review and update your long range plans. You will receive these to your uah email (or your senior review) before Summer and Fall 2022 registration opens in March.

Applications to be a Science Ambassador for the Spring 2022 term close on January 14. Apply now!

Eligible candidates are full-time undergraduate or graduate College of Science students who are able to commit to at least a one-semester term. The Ambassador Program is a leadership opportunity for students who are dedicated to serving others and representing the UAH College of Science. Student Ambassadors have the opportunity to represent the COS through various college and community events, their personal and the college’s social media platforms, and recruitment events and tours. Once you have applied, look for additional communication during the week of January 17-21.

Book an appointment with an advisor.

DID YOU KNOW that the College of Science has 6 undergraduate academic advisors? Each advisor is equipped to provide individualized guidance based on your grade level, major, and much more. We also have a specialized Pre-Professional Advisor to assist our Pre-Health students.

IMPORTANT DATES

January 10 | Spring 2022 classes begin
January 18 | Last day to drop a class with a refund
