

Due to the limited face-to-face availability at the university, the Math Tutoring Lab will now be provided through remote delivery via Zoom. As some of you may be unfamiliar with this program, we have provided step-by-step instructions. **After adjusting your settings (explained in other provided document)**, you can join the Zoom meeting by following the steps below:

1. Open the Zoom app
2. Click "Join"
3. Type in the meeting code : **267-161-533**
4. Click "Join"
5. Once you are in the meeting, ask for co-host privileges (this allows you to join in and out of break out rooms).
6. You may join a "study room" by clicking the breakout rooms tab on the bottom of the Zoom page (Can only be done on desktop), or you can join a tutor's breakout room directly if they're available.

The tutoring hours will remain the same:
