No Number Assigned Niles (PI)*** **Bail** (Co-I) 07/01/2026-06/30/2027
 UAH New Faculty Research Program \$10,000
Developing NurseVerify: A Digital Health Literacy Program to Prepare Undergraduate Nurses to Identify and Address Online Health Misinformation
 The goal of this project is to explore online digital health misinformation literacy among undergraduate nursing students to inform the development of NurseVerify, an educational program designed to strengthen undergraduate nursing students' ability to identify, evaluate, and respond to health-related misinformation encountered in digital environments.

No Number Assigned **Bail** (PI) 6/1/2026-8/31/2026
 UAH Research and Creative Experience for Undergraduates (RCEU) \$4,000
Insights into Delayed Cancer Diagnosis: Disentangling COVID-19 and Economic Confounders
 The overarching goal is to quantify the contribution of pandemic effects and socioeconomic inequity, identify the pathways through which they impede timely diagnosis, and generate evidence-based recommendations for realistic interventions, particularly those relevant to underserved communities.

No Number Assigned Roy (PI); **Bail** (Co-I) 6/1/2026-8/31/2026
 UAH Research and Creative Experience for Undergraduates (RCEU) \$4,000
Breaking the Chain: Intercepting Infection Pathways during Healthcare Referrals
 The project aims to: (1) identify causal chains within the referral network that contribute to downstream outbreaks; (2) quantify the role of factors, such as staffing shortages or regional pathogen prevalence; and (3) design strategies to break or reroute high-risk referral pathways while preserving clinical function.
 Role: Co-investigator

P50 MD017338-01 Baskin (PI); **Bail** (Subcontract PI) 9/17/2021-6/30/2027
 National Institute on Minority Health and Health Disparities \$4,264,000
Community-Based Strategies to Reduce Cardiometabolic Disease in the Deep South
 In this effectiveness-implementation trial, 288 Black women living in the rural Deep South will be randomized to either a group weight loss intervention (Journey to Better Health) or the group weight loss along with a home-based gardening intervention (Harvest for Health).

CU-20-002-01 Tanner (PI) 5/01/2021-4/31/2026
 Veterans Health Administration \$4,525,000
Lung Precision Oncology Program
 The research project is aimed at implementing a widespread cancer screening program, improving cancer care coordination, and establishing a robust clinical trial program focused on enrollment of underrepresented populations.
 Role: Nurse Researcher
