

Sven Modell is a professor of management accounting for Alliance Manchester Business School at the University of Manchester, UK and a visiting professor at the Norwegian School of Economics and Turku School of Economics. His research focuses on the institutional, political and social aspects of accounting and he takes a particular interest in the accounting and business implications of the burgeoning “New Space” economy. He has published extensively in leading accounting journals. In addition to his work in academia, he is an associate editor of *Accounting and Business Research* and the *European Accounting Review*. He also serves on the editorial boards of numerous leading accounting journals.
