

From the Desk of Denise Spiller, Director

Office of Research Security

What You Need to Know About the DD-2345 (Militarily Critical Technical Data Agreement)

This certification can be used to facilitate visits to U.S. military installations that involve access to unclassified technical data. Activities intended to be covered under the DD2345 include:

- DoD solicitations that involve access to export-controlled data,
- Conference/meeting attendance with export-controlled material/data,
- Export-controlled technical data exchange between Contractors
- Procurement activities such as pre-solicitation conferences;
- Performance of an unclassified contract;
- Scientific research, in a professional capacity, in support of unclassified U.S. defense initiative;
- Attendance at restricted meetings, conferences, symposia, or program briefings where technical data governed by DOD Directive 5230.25 will be presented

These requests must be submitted to one of the following personnel in ORS: Denise Spiller, Janine Wilson, April McMeans, and Caitlyn Schoenig.

Cleared UAH employees that are participating **in any kind of foreign travel** will need to report it to the Office of Research Security. Even though you are supporting a government customer, keep in mind you are not a government employee and still need to report ALL foreign travel to UAH ORS.

7 Essential Travel Safety Tips

Travel can be an exciting, eye-opening experience. It's easy to get caught up in the thrill of adventure. But don't forget about travel security and safety considerations while you're abroad.

Follow these 7 travel safety tips to help you take a trip that's memorable for all the right reasons.

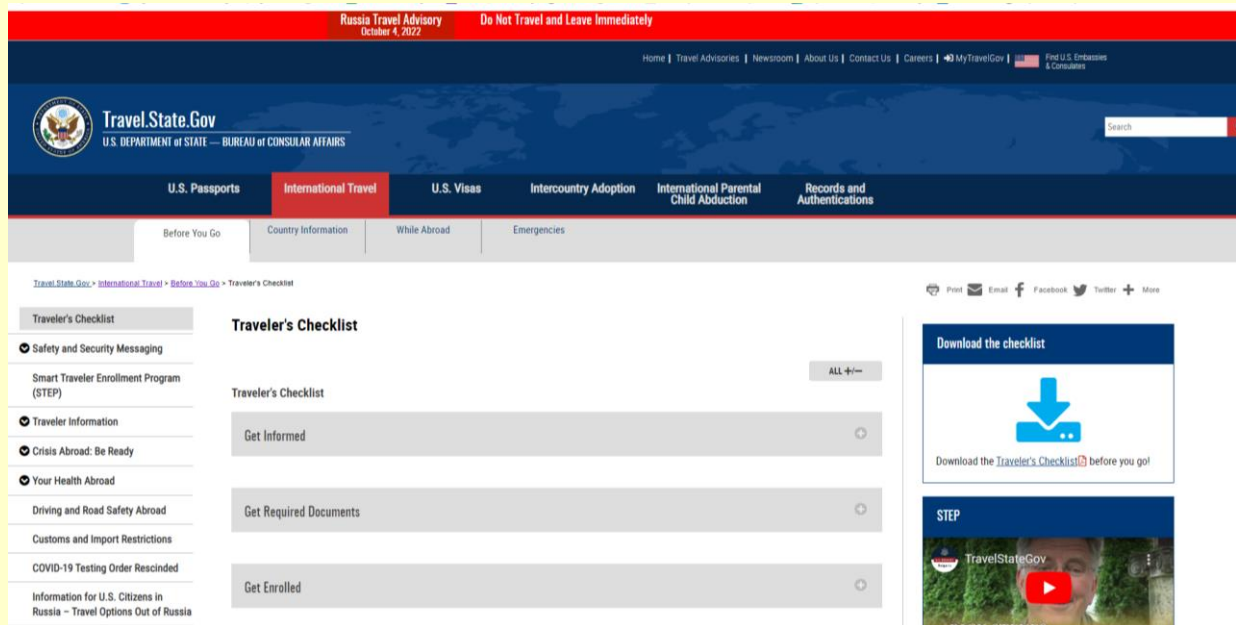

Do Your Research

Get to know your destination in depth before you arrive. Read traveler reviews and consult with locals for information about the safest neighborhoods, places to stay and incidences of crime. Check the State Department's website for country updates and enroll in the Smart Traveler Enrollment Program (STEP).
