ASCE NEWSLETTER

Dear John,

May your parking tickets be few and your professors prone to allowing cheat sheets. For all other aspects of college, there is an ASCE event for you.

General ASCE

ASCE CHAPTER MEETING

The UA Huntsville American Society of Civil Engineers would like to invite you to the presentation of Alan Lash, P.E. of Qualitest on "Engineering Licensure".

The meeting will be 7pm on November 5th, 2014 in room S105 of Tech Hall. There will be free food and drink for all. Also, we will discuss our small competitions and our Spring trip to Chattanooga (free to ASCE members).

Study Group is canceled until more interest is shown.

Concrete Canoe

We're making headway on the mix design! We meet Mondays at 7pm in the Highbay . Feel free to contact Adam Brooks for more information at alb0025@uah.edu.

Also, the paddling schedule is up!

Day	Morning	Evening
Monday	8-9:30 am	
Tuesday		4-5:30 pm
Wednesday	8-9:30 am	3:30-5 pm
Thursday		5:30-7 pm
Friday		3:30-5:30 pm
Saturday	10-noon	

And yes, the giant crayon arrow points to the location of paddling practice. For more information, please contact Tiffany Walden at tnw0007@uah.edu.

Steel Bridge

We're at the drawing board still with many freshmen and sophomores submitting their own bridge designs. No experience needed! We'll teach you anything you want to learn, from Staad Pro to welding. Design meetings are Wednesdays at 7pm in room S206 of Tech Hall. Feel free to contact Matthew Hussak at meh0013@uah.edu for more information.

Small Competitions

For those of you who want to be more involved in ASCE, but have limited time we have small competitions! They include environmental, surveying, balsa dam, and a random sport with concrete equipment (this year will be ladder golf). These projects will showcase and compete at the Southeast Regional along with Canoe and Bridge. We now have a definite list, and the link below will give you descriptions and rules for this year. If you would like to get more involved, please email Victoria Forrester at vf0003@uah.edu.
